Featured Articles

Automation Office Hours

Broadcom is continuing our monthly Automation Office Hours- a one hour, product specific session where Product Management, Product Owners, Engineers, and Consultants provide guidance. Attendees can get help using their Automation products, explore solutions to business challenges, and ask technical or integration questions. [Save your seat!](#)

How to Build a Workload Automation Strategy That Scales

Workload automation rarely fails by design. It fails without a strategy. This blog explores the Workload Automation Maturity Curve and shows how organizations can move from fragmented execution to intelligent, self-healing orchestration that scales with business demands. [Read more](#)

Automatic Automation Cloud Integration: OpenSSH Integration

Broadcom's OpenSSH Automation Agent lets you easily execute OpenSSH jobs, monitor, and manage them with your existing enterprise workload automation, as well as other cloud-native activities. [Learn more](#)

Interactive Learning Center

Broadcom has expanded its Automic education program with a new Interactive Learning Center, featuring 13 hands-on simulation labs. Users can now practice real-world automation scenarios through guided, immersive learning experiences. [Try it out!](#)
